British Journal of Oral and Maxillofacial Surgery

Index to volume 24 (1986)

Subject Index

Adenomatosis
Gardner's dento-maxillary stigmas in patients with familial — coli 410
Adnexal
Microcystic — carcinoma: a case report and review of the literature 448
Ameloblastic
— fibroma of the mandible 417
Ameloblastoma
A unicystic — mimicking a 'globulo-maxillary' cyst: a case report 422
Analysis
An — of firear injuries to the head and face in Belfast 1969–1977 233
Angiosarcoma
Oral presentation of disseminated — 227
— of the maxilla: a case report and review of the literature including angio-sarcoma of maxillary sinus 286
Anomalies
— of the common carotid artery: a rare complication of radical neck dissection 405
Anterior
Relapse following surgical treatment of — open bite 391
Antral
Oro- — fistulae: a study of clinical, radiological and treatment aspects 433
Arch
A splint for the unstable zygomatic — fracture 269
Arch bar
A modified — for immobilisation of the jaws following trauma and facial deformity surgery 143
Arch bars
Cast metal — 147
Arterial
— embolisation in the treatment of central haemangiomas of the maxilla. Report of two cases 114
Artery
Anomalies of the common carotid — : a rare complication of radical neck dissection 405
Aspirin
A double-blind placebo-controlled comparison of three Ibuprofen/Codeine combinations and — 122

Beckwith-Wiedemann syndrome
The — in a six year old boy 225
Belfast
An analysis of firearm injuries to the head and face in — 1969–1977 233
Bilateral
— retrobulbar haemorrhage: a short case report 1
Blindness
— after trauma insufficient to cause bony injury: case report and review 7
— following fracture of the zygomatic bone 12
Bone
Metaplastic formation of — and chon-droid in flabby ridges 300
Broken
— tooth fragments embedded in the tongue: a case report 464
Buccal
Traumatic herniation of — fat pad: a report of two cases 265

Cancer
Reconstructive surgery in the treatment of intraoral — 77
Carcinogen
Influence of partial excision of — treated hamster cheek pouch on subsequent tumour development 342
Carcinoma
Microcystic adnexal —: a case report and review of the literature 448

Carotid
Anomalies of the common — artery: a rare complication of radical neck dissection 405
Cephalometric
The reproducibility of the natural head position in lateral — radiographs 357
Cervical
— paragangliomas: a report of four cases 169
Cholesterol
A review of maxillary sinus — granuloma 293
Chondroid
Metaplastic formation of bone and — in flabby ridges 300
Chronic
— bilateral dislocation of the temporomandibular joint 367
Citation
— for the presentation of the 1985 Down Surgical Prize to Dr Paul Stoelinga 383
Clear cell
The monomorphic — tumour: a report of two cases 130
Cleft
A three-in-one surgical approach for unilateral — lip and palate 190
Common
Anomalies of the — carotid artery: a rare complication of radical neck dissection 405
Comparison
A double-blind placebo-controlled — of three Ibuprofen/Codeine combinations and aspirin 122
Complex composite
Surgical excision of a large — odontome of the mandible 47
Compound
The use of the — radial forearm flap in oro-mandibular reconstruction 86
Computerised
— planning of maxillo-facial osteotomies: the program and its clinical application 178
Condyle
Dislocation of the mandibular — into the middle cranial fossa 22
Supplemental mandibular — 349
Craniofacial
A severe — impalement injury (Jael's Syndrome) 258
Cyst
A unicystic ameloblastoma mimicking a 'globulo-maxillary' —: a case report 422

Dautrey
The — procedure—a case for reassessment 217
Deep lobe
A review of tumours of the — of the parotid salivary gland 155
Development
Influence of partial excision of carcinogen treated hamster cheek pouch on subsequent tumour — 342
Diagnostic
— techniques for parotid disease 311
Dislocation
— of the mandibular condyle into the middle cranial fossa 22
Chronic bilateral — of the temporomandibular joint 367
Disseminated
Oral presentation of — angiosarcoma 277
Donor site
Tumour implantation to a temporalis muscle flap — 102
Double-blind
A — placebo-controlled comparison of three Ibuprofen/Codeine combinations and aspirin 122
Down
Citation for the presentation of the 1985 — Surgical Prize to Dr Paul Stoelinga 383
Dyspnoea
Progressive — following facial injury 28

Embolisation
Arterial — in the treatment of central haemangiomas of the maxilla. Report of two cases 114
Epignathus
— (congenital teratoma of the hard palate): a case report 272
Evaluation
Pyogenic granuloma: — of oral conditions 376
Eyelids
The significance of small wounds of the — 17

Facial injury
Progressive dyspnoea following — 28

Facio-maxillary skeleton
Incidence and aetiology of fractures of the — in Trivandrum: a retrospective study 40
Familial
Gardner's dento-maxillary stigmas in patients with — adenomatosis coli 410
Fat
Traumatic herniation of buccal — pad: a report of two cases 265
Fatally
Maxillofacial trauma in — injured victims of motor vehicle accidents 251
Fibroma
Ameloblastic — of the mandible 417
Desmoplastic — involving the mandible 442
Firearm
An analysis of — injuries to the head and face in Belfast 1969–1977 233
Fistula
Multiple myeloma presenting as an oro-antral — 52
Fistulae
Oro-antral — — a study of clinical, radiological and treatment aspects 433
Flabby
Metaplastic formation of bone and chondroid in — ridges 300
Flap
The use of the compound radial forearm — in oro-mandibular reconstructioin 86
The versatility of the temporalis muscle — in reconstructive surgery 96
Tumour implantation to a temporalis muscle — donor site 102
Forearm
The use of the compound radial — flap in oro-mandibular reconstruction 86
Fracture
Blindness following — of the zygomatic bone 12
— of the zygomatic complex — an unusual presentation 221
A splint for the unstable zygomatic arch — 269
Fractures
Incidence and aetiology of — of the facio-maxillary skeleton in Trivandrum: a retrospective study 40
Pterygoid plate — caused by the Le Fort I osteotomy 198
Gardner's
— dento-maxillary stigmas in patients with familial adenomatosis coli 410
Globulo-maxillary
A unicystic ameloblastoma mimicking a — cyst: a case report 422
Granuloma
A review of maxillary sinus cholesterol — 293
Pyogenic —: evaluation of oral conditions 376
Haemangiomas
Arterial embolisation in the treatment of central — of the maxilla 114
Haemorrhage
Bilateral retrobulbar —: a short case report 1
Hales, W. B.
Obituary 76
Hamster cheek pouch
Influence of partial excision of carcinogen treated — on subsequent tumour development 342
Hard palate
Epignathus (congenital teratoma of the —): a case report 272
Hazard
Pharyngoplasty: a — for nasotracheal intubation 212
Head
The reproducibility of the natural — position in lateral cephalometric radiographs 357
Herniation
Traumatic — of buccal fat pad: a report of two cases 265

Ibuprofen
A double-blind placebo-controlled comparison of three — /Codeine combinations and aspirin 122
Immobilisation
A modified arch bar for — of the jaws following trauma and facial deformity surgery 143
Impalement
A severe craniofacial — injury (Jael's Syndrome) 258
Incidence
Osteoradionecrosis: a study of the — in the north west of England 323
Influence
— of partial excission of carcinogen treated hamster cheek pouch on subsequent tumour development 342

Injuries
Maxillofacial skeleton — in the western states of Nigeria 31
Maxillofacial — due to road traffic accidents in Kuwait 44
An analysis of firearm — to the head and face in Belfast 1969–1977 233
Experience in the treatment of missile — of the maxillofacial region in Iraq 244
Injury
A severe craniofacial impalement — (Jael's Syndrome) 258
Intraoral
Reconstructive surgery in the treatment of — cancer 77
The — keratoacanthoma: a diagnostic problem 438
Intraosseous
— lipomas: clinical features of a mandibular case with possible aetiology 459
Intubation
Pharyngoplasty: a hazard for naso-tracheal — 212
Iraq
Experience in the treatment of missile injuries of the maxillofacial region in — 244
Isolated
— partial third nerve palsy following Le Fort I maxillary osteotomy in a patient with cleft lip and palate 206

Jael's
A severe craniofacial impalement injury (— Syndrome) 258
Joint
Chronic bilateral dislocation of the temporomandibular — 367

Keratoacanthoma
The intraoral —: a diagnostic problem 438
Kuwait
Maxillofacial injuries due to road traffic accidents in — 44

Limited mouth opening
— and shortened flexor muscle-tendon units: 'trismus-pseudocamptodactyly' 137
Lingual
— thyroid 58
Lip and palate
A three-in-one surgical approach for unilateral cleft — 190
Lipomas
Intraosseous —: clinical features of a mandibular case with possible aetiology 459
Lymphangiomas
— of the tongue 63

Management
The — of osteoradionecrosis of the jaws 332
Mandible
Surgical excision of a large complex composite odontome of the — 47
A new method of conserving the inferior alveolar nerve during resection of the — 107
Ameloblastic fibroma of the — 417
Desmoplastic fibroma involving the — 442
Mandibular
Dislocation of the — condyle into the middle cranial fossa 22
Supplemental — condyle 349
Intraosseous lipomas: clinical features of a — case with possible aetiology 459
Maxilla
Arterial embolisation in the treatment of central haemangiomas of the — 114
Angiosarcoma of the — a case report and review of the literature including angiosarcoma of maxillary sinus 286
Maxillary
A review of — sinus cholesterol granuloma 293
A rare cause of — tuberosity enlargement: Von Recklinghausen's neurofibromatosis 452
Maxillofacial
— skeleton injuries in the western states of Nigeria 31
— injuries due to road traffic accidents in Kuwait 44
Computerised planning of — osteotomies: the program and its clinical applications 178
Experience in the treatment of missile injuries of the — region in Iraq 244
— trauma in fatally injured victims of motor vehicle accidents 251
Metal
Cast — arch bars 147

Metaplastic
— formation of bone and chondroid in flabby ridges 300
Method
A new — of conserving the inferior alveolar nerve during resection of the mandible 107
A simple — of obtaining a composite 1:1 photograph of the patient for use in the planning of orthognathic surgery 203
Microcystic
— adnexal carcinoma—a case report and review of the literature 448
Middle cranial fossa
Dislocation of the mandibular condyle into the — 22
Missile
Experience in the treatment of — injuries of the maxillofacial region in Iraq 244
Monomorphic
The — clear cell tumour: a report of two cases 130
Motor vehicle accidents
Maxillofacial trauma in fatally injured victims of — 251
Myeloma
Multiple — presenting as an oro-antral fistula 52

Nasotracheal
Pharyngoplasty: a hazard for — intubation 212
Natural
The reproducibility of the — head position in lateral cephalometric radiographs 357
Neck
Anomalies of the common carotid artery: a rare complication of radical — dissection 405
Nerve
A new method of conserving the inferior alveolar — during resection of the mandible 107
Neuro-fibromatosis
A rare cause of maxillary tuberosity enlargement: Von Recklinghausen's — 453
Nigeria
Maxillofacial skeleton injuries in the western states of — 31

Obituary
W. B. Hales 76
R. S. Taylor 384
Odontome
Surgical excision of a large complex composite — of the mandible 47
Open
Relapse following surgical treatment of anterior — bite 391
Oral
— presentation of disseminated angiosarcoma 277
Polymorphic reticulosis with — lesions: a case report 426
Oro-antral
— fistulae—a study of clinical, radiological and treatment aspects 433
Multiple myeloma presenting as an — fistulae 52
Orthognathic
A simple method of obtaining a composite 1:1 photograph of the patient for use in the planning of — surgery 203
Osteoradionecrosis
—: a study of the incidence in the north west of England 323
The management of — of the jaws 332
Osteotomies
Computerised planning of maxillofacial —: the program and its clinical applications 178
Osteotomy
Traumatic Le Fort III — 69
Pterygoid plate fractures caused by the Le Fort I — 198
Isolated partial third nerve palsy following Le Fort I maxillary — in a patient with cleft lip and palate 206

Palsy
Isolated partial third nerve — following Le Fort I maxillary osteotomy in a patient with cleft lip and palate 206
Paragangliomas
Cervical —: a report of four cases 169
Parotid
A review of tumours of the deep lobe of the — salivary gland 155
Diagnostic techniques for — disease 311
Partial
Influence of — excision of carcinogen treated hamster cheek pouch on subsequent tumour development 342

Pharyngoplasty
—: a hazard for nasotracheal intubation 212
Photograph
A simple method of obtaining a composite 1:1 — of the patient for use in the planning of orthognathic surgery 203
Planning
Computerised — of maxillofacial osteotomies: the program and its clinical applications 178
Polymorphic
— reticulosis with oral lesions: a case report 426
Procedure
The Dautrey — —a case for reassessment 217
Pterygoid
— plate fractures caused by the Le Fort I osteotomy 198
Pyogenic
— granuloma: evaluation of oral conditions 376

Reassessment
The Dautrey procedure—a case for — 217
Reconstruction
The use of the compound radial forearm flap in oro-mandibular — 86
Reconstructive
— surgery in the treatment of intraoral cancer 77
The versatility of the temporalis muscle flap in — surgery 96
Relapse
— following surgical treatment of anterior open bite 391
Reproducibility
The — of the natural head position in lateral cephalometric radiographs 357
Resection
A new method of conserving the inferior alveolar nerve during — of the mandible 107
Reticulosis
Polymorphic — with oral lesions: a case report 426
Retrobular
Bilateral — haemorrhage: a short case report 1
Review
A — of tumours of the deep lobe of the parotid salivary gland 155
Road Traffic accidents
Maxillofacial injuries due to — in Kuwait 44

Salivary gland
A review of tumours of the deep lobe of the parotid — 155
Shortened flexor muscle-tendon units
Limited mouth opening and —: 'trismus-pseudocamptodactyly' 137
Splint
A — for the unstable zygomatic arch fracture 269
Stigmas
Gardner's dentomaxillary — in patients with familial adenomatosis coli 410
Stoelinga
Citation for the presentation of the 1985 Down Surgical prize to Dr Paul — 383
Study
Osteoradionecrosis: a — of the incidence in the north west of England 323
Oro-antral fistulae—a — of clinical, radiological and treatment aspects 433
Supplemental
— mandibular condyle 349
Surgery
Reconstructive — in the treatment of intraoral cancer 77
A modified arch bar for immobilisation of the jaws following trauma and facial deformity — 143
Surgical
— excision of a large complex composite odontome of the mandible 47
A three-in-one — approach for unilateral cleft lip and palate 190
Syndrome
The Beckwith-Wiedemann — in a six year old boy 225

Taylor, R. S.
Obituary 384
Techniques
Diagnostic — for parotid disease 311
Temporalis
The versatility of the — muscle flap in reconstructive surgery 96
Tumour implantation to a — muscle flap donor site 102
Temporo-mandibular
Chronic bilateral dislocation of the — joint 367

Teratoma
Epignathus (congenital — of the hard palate): a case report 272
Third
Isolated partial — nerve palsy following Le Fort I maxillary osteotomy in a patient with cleft lip and palate 206
Thyroid
Lingual — 58
Tongue
Lymphangiomas of the — 63
Broken tooth fragments embedded in the —: a case report 464
Tooth fragments
Broken — embedded in the tongue: a case report 464
Trauma
Blindness after — insufficient to cause bony injury: case report and review 7
A modified arch bar for immobilisation of the jaws following — and facial deformity surgery 143
Maxillofacial — in fatally injured victims of motor vehicle accidents 251
Traumatic
— Le Forte III Osteotomy 69
— herniation of buccal fat pad: a report of two cases 265
'Trismus-pseudocamptodactyly'
Limited mouth openings and shortened flexor muscle-tendon units: — 137
Trivandrum
Incidence and aetiology of fractures of the facio-maxillary skeleton in —: a retrospective study 40
Tuberosity
A rare cause of maxillary — enlargement: Von Recklinghausen's neurofibromatosis 452
Tumour
— implantation to a temporalis muscle flap donor site 102
The monomorphic clear cell —: a report of two cases 130
Influence of partial excision of carcinogen treated hamster cheek pouch on subsequent — development 342
Tumours
A review of — of the deep lobe of the parotid salivary gland 155

Unicystic
A — ameloblastoma mimicking a 'globulo-maxillary' cyst: a case report 422

Versatility
The — of the temporalis muscle flap in reconstructive surgery 96
Von Recklinghausen's
A rare cause of maxillary tuberosity enlargement: — neurofibromatosis 452

Wounds
The significance of small — of the eyelids 17

Zygomatic
Fracture of the — complex—an unusual presentation 221
A splint for the unstable — arch fracture 269
Zygomatic bone
Blindness following fracture of the — 12
